## Media Introduction

**MEDIA ACCREDITATION OPENS ON PUBLICATION OF THIS DOCUMENT AND CLOSSES FINALLY ON THURSDAY 5<sup>TH</sup> SEPTEMBER AT 18:00**

Welcome to the second running of the Watergate Bay Speed Hillclimb and thank you for interest in applying for media accreditation to the event.

Motorsport can be dangerous and to ensure the safety of everyone at the venue, media access will be controlled throughout the weekend. As one of only a handful of closed-public-road motorsport events in the UK, we will be monitoring the media closely. Please ensure you adhere to the requests of the organisers at all times.

Our primary concern is the safety of anyone involved in the event and that of course includes the media. The event will be adopting a two-tier media accreditation which offers two levels of access for the event.

- **LEVEL ONE** – offers a Media Pass only and caters mainly for the needs of journalists. Holders of this pass will be allowed into any spectator location free of charge plus any press conference, paddock areas or media room.
- **LEVEL TWO** – adds an event Media Tabard and carries additional privileges as set out in the conditions below – caters only for photographers and broadcasters. Holders of the tabard will be offered all that of a level one pass holder plus access to specific MEDIA ONLY areas on the hill. This will NOT allow access to prohibited areas, marshals posts or ANY OTHER AREA ON THE HILL.

### LEVEL TWO MEDIA

Media Accreditation for Level two media will ONLY be granted to bona fide photographers/videographers who have PLI for at least £5M in place. This PLI certificate MUST be produced at signing on for the event.

Level two tabard holders MUST have completed the Motorsport UK Marshals Training which is available: <https://www.motorsportuk.org/Marshals/Online-rally-marshals-training> BEFORE applying for accreditation. (You will need to create an account to begin the process).

**Proof of passing the training will be required prior to attendance to the event.**

The event reserves the right to refuse application for media and each request will be assessed on an individual basis. Amateur and casual photographers/videographers who cannot prove it is their profession will not be considered.
